

**GEN. MILES SAYS
HE WILL RESIGN**

Will Be Forced to Do So
if Army Bill Becomes
a Law.

NO GENERAL STAFF

He Intimates That Secretary
of War Root Would Name
His Favorites.

MAY BE DISCIPLINED

Washington, D. C., March 21.—Is considerable speculation today as to what will be done regarding the Miles testimony given before the senate military committee yesterday. The impression is growing that President Roosevelt will retire him under the age limit. On the other hand, it is contended that Roosevelt and Root cannot take cognizance of official reports of Miles' strictures because of the privileged character of the testimony given before the senate committee in the privacy of executive session. Any attempt to punish an officer for giving expression of his opinion on the measure before congress at the request of the committee, would it is said lead to vigorous action by congress for the protection of its witnesses and in defence of its own authority.

Miles Defies Roosevelt
Washington, D. C., March 21.—General Miles is again advertising his lack of harmony with the President and the Secretary of War. Not satisfied with his effort to change the administration policy in the Philippines by asking permission to go and take charge of the military campaign, the general today appeared before the senate committee on military affairs in opposition to the war department bill for the organization of a general staff.

Threatens to Resign
He told the committee that if the bill should become law he would decline longer to hold his commission. He said that it would make the army absolutely subservient to the military establishment, and would destroy the unity of the army. His threat to resign is not accepted as serious.

He has made such threats before, but he has never gone further than to show his insubordination to the president, who is the commander-in-chief of the army. He showed his insubordination during the war with Spain at the beginning of the close. He escaped court martial and retirement only because of the leniency of President McKinley, who would not grant Secretary Alger's demands at the time.

Miles' Insubordination
General Miles has continued to assume prerogatives above the President and Secretary Root until he is now more hopelessly estranged from those superiors than he was to McKinley and Alger. He has for the last three months lost no opportunity to show his insubordination to President Roosevelt and Secretary Root.

He deliberately invited the president's reprimand in regard to the Schley case, and deliberately widened the breach in preparing recommendations for the conduct of the campaign in the Philippines contrary to the administration policy and that were in harmony with democratic criticism of that policy.

General Has Many Friends
He has now begun to lobby against the general staff bill prepared by Secretary Root, and goes further than any government official has ever gone by threatening to resign if the bill becomes a law.

The general has many friends in congress, especially in the senate, but he is alienating them by his continual performance as an insubordinate soldier. The bill may not become a law, but its failure will not be due to the threat of Miles to resign his commission. He has become so annoying to all those responsible for the control of the military establishment that it would be a relief if he carried his threat into effect.

Six More Railroads Sued
Chicago, March 21.—Another step was taken yesterday in the governmental litigation against the railroads with a view of enjoining them from violation of the law. Six bills were filed in the United States circuit court by District Attorney Betha against the following roads: Chicago and Northwestern, Illinois Central, Lake Shore and Michigan Southern, Michigan Central, Panhandle, Fort Wayne. The bills as to the prayers and charges made are identical with those filed against the Chicago-Kansas City lines.

Carried Wealth in a Handkerchief
Pontiac, Ill., March 21.—Malachi Garrity of Chatsworth was appointed conservator in the county court for James Garrigan, who is mentally unbalanced. Several weeks ago Garrigan sold his eighty-acre farm for \$9,000 and when found wandering around the city of Chatsworth he had \$10,000 in an old handkerchief, which he had been carrying under his arm. He did not want to keep the money in a bank for fear of losing it.

Henry Watson, one of the stone cutters at the city hall has completed his work, and returned to Chicago this morning.

**TELL STORIES OF
GREAT HARDSHIPS**

Three Hundred Great Northern Passengers Snowbound 150 Hours—

The Missouri River Rising.
St. Paul, March 21.—Three hundred passengers who have been snowbound on the Great Northern line in North Dakota arrived here last night. Over forty cars of baggage and about twenty tons of mail came in at the same time. The passengers tell stories of great privation during the blockade of one hundred and fifty hours. There was little food on the trains and the coal supply gave out. Monday the snowplows cleared a way to Williston where food and fuel was found in plenty. Snowdrifts thirty-five feet high had piled up in some places. Sioux City, Ia., March 21.—The Missouri river at Chamberlain, S. D., rose last night and it is supposed that the great ice gorgo at Little Bend has gone out. The river continues to rise and if it goes much higher great damage must follow.

**PRIZE FIGHT IN
BELOIT TONIGHT**

Freeport and Belvidere Pugs Will
Pull Off a Mill if Police Don't
Get On.

Beloit, March 21.—Unless there is police interference there will be a prize fight pulled off near Beloit tonight between Freeport and Belvidere men. The whole prospect is being kept a profound secret. In connection with this a fight between two famous bull pups will be carried out. James H. Clark, the sporting man, has been asked to referee, but could not serve on account of illness. The Beloit Mandolin and Glee club held their annual reception at the opera house last night. It was a decided success.

WOMAN SHOTS MAN IN DUEL

George Thompson Fatally Wounded and
James Forey Mortally Hurt.

Albion, Neb., March 21.—George Thompson lies at his hotel mortally wounded. James Forey is in a similar condition at his home, and Mrs. Patterson, wife of one of the most prominent stockgrowers of the country, is under arrest as the result of a street duel here between Mrs. Patterson and Mr. Thompson.

Some time ago Mr. Patterson filed suit for divorce against his wife, naming George Thompson as co-respondent. At the same time he brought suit against Thompson for \$5,000 for alienating his wife's affections. The divorce case came to trial yesterday and while the crowd from the courthouse was in the street adjoining Mrs. Patterson and Thompson met face to face.

Mrs. Patterson drew a revolver from her pocket and taking deliberate aim fired at Thompson. He in turn pulled his gun and both began firing. Mrs. Patterson was very cool. After the shooting, during which each fired six times, Thompson was found to be fatally wounded, three shots having taken effect. Mrs. Patterson was without a scratch.

James Forey, a bystander, was seriously injured. Mrs. Thompson refuses to say why she shot.

Illinois Teachers in Session.
Peoria, Ill., March 21.—The eighteenth annual meeting of the Central Illinois Teachers' association began in this city today with an attendance of almost 2,000. The principal speakers were President L. C. Lord of the eastern Illinois normal school, State Superintendent of Public Instruction Alfred Bayliss, Superintendent N. C. Daugherty of Peoria and President H. L. Robertson. In the evening Nicholas Murray Butler, president of Columbia university, will speak. The sessions will continue through Saturday afternoon.

GLASS TRUST IS REORGANIZED

Federated Co-operative Company Increases Capital Stock to \$600,000.

Muncie, Ind., March 21.—The Federated Co-operative Window Glass company has been reorganized with the capital stock increased from \$200,000 to \$600,000. The organization is under the laws of New Jersey. The combine now controls almost 1,000 paces, representing fifty firms. The charter arrived here and was signed by L. Manabour, the former president, who has been appointed secretary. A decided stand will be taken against all other window glass combines and the vast financial resources will enable the new trust to manipulate the principal portion of the American trade.

Strawboard and Pulp Plants.
La Porte, Ind., March 21.—J. O. Henderson, ex-auditor of state, who is interested in the contemplated consolidation of the strawboard and pulp plants of the country, makes the statement that the matter will be definitely determined by April 25. If the consolidation goes through about 50 per cent of the strawboard and pulp interests in the country will be included. From \$29,000,000 to \$39,000,000 of capital will be represented in Indiana. Mills at Yorktown, Noblesville, Muncie, Cartage, Marion, Albany, Kokomo, Hartford City, Vincennes and Eaton will be included. The mills owned and controlled by Crawford Fairbanks will not be in the consolidation.

**MADE A PYTHIAN
OF LA FOLLETTE**

The Governor Took the
Third Degree in Chi-
cago Yesterday.

RANKS AT JUBILEE

Brilliant and Glittering Array
of Knights Assemble at
the Coliseum.

FETHERS WAS ABSENT

Chicago, March 21.—Clad as Pythias was when he took the place of Damon, Governor Robert M. LaFollette of Wisconsin was initiated into the mysteries of the third degree by Knights of Pythias at the Coliseum last night. While he was tasting the fruits of his first experience as the first man to be so initiated at a jubilee gathering 16,000 Knights watched the every feature of the interesting ceremony.

Rank Conferred on La Follette
The rank was conferred upon Governor Robert M. LaFollette by the Indianapolis team of fifty perfectly drilled men attired as Knights of the Pythian period. For two hours the team was engaged in demonstrating the ritualistic ceremony, completing it at 10:30 o'clock. Then the governor raised his visor, mounted a chair and told the Knights how glad he was to be present, also that the ceremony was over.

"I thought I knew much," he said. "But after two hours under the guardianship of the Indianapolis team I am convinced that I was as ignorant as a babe."

Knights Sing "Illinois"
As the Governor stepped down from the chair the Empire Quartet, away up in the balcony, started "Illinois" and the Knights joined in the chorus.

The one disappointment of the evening was the announcement that Supreme Chancellor Ogden H. Fethers, who had been expected to preside over all the deliberations of the jubilee, was unable to be present. From St. Joseph's Hospital in Milwaukee, he sent this message:

"My heart is with you tonight. Your meeting will cheer the order everywhere and rouse us all to new zeal."

Only "Brothers" Are Present
Chancellor Commander Terrill of Timoleon lodge told the Knights to be good and they would be entertained. The great throng was in excellent humor, for none but knights were present. Even the janitors and other employees about the Coliseum had been supplanted by Knights. R. L. C. White of Nashville, Tenn., Supreme Keeper of the Records and Seals, and Major General James R. Caraban of the uniformed rank delivered addresses for the good of the order.

**SCHLEY APPEAL
HAS BEEN SET ASIDE**

All Action on the Resolutions Relat-
ing to His Case to Be Inde-
finitely Postponed.

Washington, D. C., March 21.—The special sub-committee of the house committee on naval affairs today reported to the committee, recommending that all resolutions providing for special recognition of Schley "be indefinitely postponed." The naval committee, guided by this recommendation, which is in conformity to the attitude of the president in his recent report dismissing Schley's appeal, will probably make a formal report on these lines tomorrow.

**TEACHERS MEET AT
MONROE APRIL 4-5**

Relation of State to Be Discussed by
Southern Wisconsin Teach-
ers' Association.

Monroe, Wis., March 21.—The programme for the convention of the Southern Wisconsin Teachers' association, which will be held in this city April 4 and 5 has been announced. Among the most important features is the discussion of the relation of the state and public school by Senator Martin of Darlington, Assemblyman Williams of Neenah and Senator Burns of Platteville.

On the evening of April 4 Mary E. Thompson of Chicago will give a musical and Albert Hubbard will read a paper on the Roycroft's work.

On Saturday the work in district schools will be discussed by Prof. Salisbury of Whitewater; Superintendent Buell of Janesville; Superintendent Nye of Lancaster and State Superintendent L. D. Harvey. George McKerron, former Governor Board and Professor Upham of White water will read papers on agricultural education. Professor Tentle of Platteville will conduct the primary department.

Wants Reform in Beloit
Beloit, Wis., March 21.—The ministers published a joint letter calling upon citizens to nominate a municipal ticket which will oppose the saloon element and stand for the enforcement of laws.

Mr. and Mrs. John Teichmann are the proud parents of a 12 1/2 pound baby girl.

**BUILDING BOOM
IN RAILWAYS ON**

Contracts Are Made for
Over 8,000 Miles of
New Road.

MORE IS EXPECTED

Plans Are in Progress to
Swell the Total Prospec-
tive Mileage to 12,000.

ACTIVE IN THE SOUTH

Twice as much new railroad will be built this year as last, and more than in any previous year, judging from the amount of work now under construction and contracted for with projects which are almost certain to be carried out. In 1901 the total amount of new railway built in the United States was 5,222 miles more than any year since 1890. The best record for new construction in one year in this country was made in 1888, when 7,100 miles of track were laid.

A compilation of official figures just made by the Railway Age shows that 7,984 miles of new railroad are already under contract or actually under construction, while there are in addition 3,790 miles on which it is probable work will commence this spring. The following table of roads under construction or contract indicates the geographical distribution of the new mileage:

Under contract or construction, miles.	Live projects, miles.
New England states.....	104
Middle states.....	325
Central Northern states.....	344
South Atlantic states.....	1,135
Gulf and Mississippi Val. states.....	732
Southwestern states.....	3,783
Northwestern states.....	783
Pacific states.....	632
Total.....	7,984

Rush Work in Southwest

The "community of interest" plans of J. J. Hill in the Northwest may retard some construction which had already been planned in that portion of the country, but the South and Southwest are teeming with live prospects, and these sections, as well as many of the Western and Northwestern states, will be the scenes of continued activity during the current year.

In Texas, where 589 miles of new line were built last year, work is now actively in progress on several hundred miles of extensions, and reports show that over 900 miles are under contract (including the line of the Kansas City, Mexico and Orient) and that here are 400 miles more of live projects which give promise of early construction. Many important lines are projected in Oklahoma and the Indian territories, where nearly 1,400 miles are under contract, with work already started on the larger part of the mileage. The live projects here aggregate 560 miles. In addition to the 1,400 miles under contract, these figures embracing only the extensions projected by roads already in existence.

Proposed in This Section
The following is a summary of the lines either proposed or already in course of construction in this section of the country by important railroad companies.

Chicago & Northwestern—Grading completed on the Minnesota Western extension from Evans to Marshall, Minn., forty-six miles.

Surveys reported for a direct line from Waukesha northwest to Princeton, Wis., eighty miles.

A branch will be built from Newton, Ill., via Rockford, Ill., to Janesville, Wis., 100 miles.

Chicago, St. Paul, Minneapolis & Omaha—An extension from Le Mars to Sioux City, Ia. Reports state that Winston Bros., St. Paul, Minn., have the contract for the Chippewa Valley & Northwestern branch to extend from Rice Lake, Wis., to a point branch to extend from Rice Lake, Ia. on the Chicago & Northwestern railway, in Iron county, 100 miles.

Wesland Victim Washed Ashore.

Liverpool, March 21.—The body of Elsie Emmett of South Dakota, who was drowned in the Wesland disaster, has been washed ashore near the village of Pwllheli, in Wales.

To Be New York Collector.

Washington, March 21.—The president has appointed Nevada N. Stannahan to be collector of customs for the district of New York.

No Sunday Ball in Iowa.

Des Moines, March 21.—The Nagle bill, prohibiting the playing of baseball or football Sundays, passed the house by a vote of 59 to 16.

Eleven Fishermen Drowned.

London, March 21.—In a collision between fish boats near Naseareth eleven men were drowned.

Fire Destroys a Church.

Shelbyville, Ind., March 21.—The First Baptist church was destroyed by fire. The property was damaged about \$15,000. The insurance carried was \$5,000, that amount being equally divided between the Franklin of Evansville and Royal Exchange.

Herbert Goldin is home from Wayland academy at Beaver Dam for his Easter vacation.

**STALWARTS EXPECT
TO DEFEAT ROSE**

Lively Municipal Campaign is Under
Way in Milwaukee—Bolt Is
Looked For.

The Milwaukee municipal campaign says the Cream City correspondent of the Chicago Inter-Ocean, is being fought on state issues, to the extent, at least, that there is to be a lining up of the forces of LaFollette to some extent against those of Pfister, who is exerting every effort in behalf of Anson, the republican candidate for mayor, and Wheeler, the republican candidate for the circuit. Judging against LaFollette's candidate for the judgeship and Mayor Rose, the candidate of the democrats.

The effect of the defeat of Tarrant who is the sitting judge by the grace of LaFollette, and the overthrow of Rose, on the campaign in the state, will be to deplete the ranks of the half-breeds everywhere.

Milwaukee's 144 delegates.
Therefore the friends of LaFollette are doing everything in their power to secure the election of Tarrant at least, and to do this they have secured the co-operation of nearly all the leading lawyers of the city.

Milwaukee is entitled to 144 delegates in the state republican convention, and the stalwarts are already claiming that they will have the delegation practically solid, which claim is given endorsement by several of the leading LaFollette men in the county, who, in telling what they believe they will be able to do, say that they will have at least fifteen of the delegates.

It can easily be imagined what an influence this large delegation of stalwarts in the convention will be. With both Anson and Wheeler elected there is bound to be a scramble for the loaded wagon all over the state.

Political Wars in Dane and Rock

The LaFollette faction is establishing a daily newspaper in Janesville to carry out the program of keeping up the war on Whitehead in his own county, Rock; but there is something doing in Dane, the home of LaFollette, for it is announced that one of his old friends, H. C. Adams, has caught the congressional fever and will be a candidate in the Second District in defiance of the wishes of LaFollette.

Besides this it is the intention of the stalwarts to place Nels Holman, of Deerfield, Dane county, on the state ticket as a candidate for treasurer. If Adams, who is very popular in Dane, and Holman, also a popular citizen, are in the field next fall, it is not to occur to the LaFollette machine that it has troubles of its own at home that will equal anything that it may anticipate for Whitehead.

**DATES ARE SET
FOR G. A. R. MEET**

June 11 to 13 Fixed Upon for the En-
campment at Stevens Point—
Camp Fire at Appleton.

Madison, Wis., March 21.—The department commander of the G. A. R., A. H. De Groff, at a meeting held last night decided upon June 11 to 13 as the time for the coming encampment of the Wisconsin department G. A. R. at Stevens Point. The W. R. C. and Sons of Veterans will also hold their annual meetings at the same time and place.

Appleton, Wis., March 21.—The members of George D. Eggleston post will hold a campfire tonight. Addresses will be delivered by Department Commander A. H. DeGroff of Nelson and Chaplain Brown of Waukegan.

**FARMERS ADJOURN
AT OCONOMOWOC**

C. P. Goodrich of Fort Atkinson,
Makes Address on Rich Lands
and How to Keep Them So.

Oconomowoc, Wis., March 21.—The last day of the farmers' round-up institute was the most largely attended of the meeting and the papers read, besides being interesting brought out several discussions.

C. P. Goodrich, a dairyman of Fort Atkinson, opened the session with a paper on "Rich Lands and How to Keep Them So." The speaker opened with a comparison of the land of Wisconsin with that of New York, and in answer to a question as to whether a New York farm would be as profitable, said that it would not for the purpose desired, because the land sloped too much. Mr. Goodrich is a native of New York, but came to Wisconsin in 1846.

The second paper was on "Food Value and Dairy Products," by Professor Charles D. Woods of the experimental station in Malne. He answered many questions.

Shocking Tragedy in France.

A sensational crime has just been discovered at St. Etienne, France. A pastry cook named Tautale, after a quarrel with his wife, due to jealousy, shot her dead with a revolver. He then thrust her body into the oven and lighted a large fire, afterwards committing suicide. Only the calcined remains of the woman were found in the oven.

Illegal Taxes in Malta.

The business of the council of government of Malta is now transacted by the vice president and six official members, the thirteen elected representatives having withdrawn as a protest against alleged illegal taxes.

**FRANCIS MURPHY
AT LOS ANGELES**

Mrs. Brand Visits with the
Famous Old Temper-
ance Warrior.

DEAR OLDDR. MILLS

Speaks of Pence, Smith, Jones,
Denison, and Other of
His Friends.

TO VISIT JANESVILLE

Long Beach, Cal., March 17.—On St. Patrick's Day in the morning it seems quite fitting that I should write to you concerning a certain native of the little island far across the sea, an Irishman, who has a very "warm corner" in many of your hearts and whom it has been a great and unexpected pleasure for us to meet within the past few days. His hair is no whiter, his form no more bowed and his face is just as ruddy, his smile just as genial, his hand-clasp as cordial and his voice as winning with its familiar "God bless you" sweet-heart" as when his gospel of love won its way into the hearts of the people of Janesville several years ago. Surely by this time the name of Francis Murphy is ringing itself over and over in your ears.

This veteran fighter against the liquor traffic is now in Los Angeles, carrying on his vigorous warfare with exactly the same methods which he has used for the past forty years—methods peculiarly his own and which are successful because his own personality is overflowing with the brotherly love which he preaches so constantly as the only salvation of the world and the only weapon with which to fight the evils of life.

Called on Mr. Murphy

It was quite a surprise for us to read in the Los Angeles papers that Mr. Murphy was to come to that city to conduct a temperance campaign under the auspices of the Y. M. C. A., as the last we heard of him he was in Australia. Of course we decided at once that we must see and hear him and we took an early opportunity to carry our decision into effect. We called at the Lincoln hotel where he is stopping at 1:30 o'clock in the afternoon in order to make sure of finding him and were told that he was at luncheon. When he came from the dining room and the landlord told him that we were waiting to see him, without giving our names, he shook hands with us with a passive interest as one would with perfect strangers. We said nothing beyond the formal greetings demanded but by this time he had taken a second look at our faces and had grasped our hands again, one in each of his, with an excited repetition of the words, "Why, I know you; I know you," several times.

Still the puzzled look remained on his face and he laughingly said that he was very bad on geography. Mr. Brand said "Janesville" and in the same breath Mr. Murphy said, "I was just going to say it myself. Of course, of course. Why you are my newspaper friends, God bless you. Now I must shake hands again. Why how old this is, isn't it? I must shake hands with the little girl again. Lord, love you, so you came all the way from Wisconsin to see me." This last was said with his old time quizzical smile and all the time he was giving my arm some excellent pump-handle exercise. The interest was not passive now and Mr. Murphy began a running fire of questions the first of which was "And how are all the boys at home?" That dear old Doctor Mills, and John Jones and Al Smith and all the rest?

Remembered Old Friends.
The names were at the tip of his tongue in a moment but the answers were interrupted by the approach of an elderly gentleman who said "Now see if you can place me, Frank?" This gentleman was an old friend from Lewiston, Maine, who had known Mr. Murphy before he became a temperance speaker and who said that he had never lost sight of his career.

There were also in the group a Capt. Kimball and his wife of Santa Barbara, Cal., who came to the city especially to see Mr. Murphy. Capt. Kimball was induced to sign the pledge by Mr. Murphy's son Ned and has assisted them both in conducting meetings. Indeed there is almost a continual line of people called at the hotel to renew old acquaintances with Mr. Murphy. They come from almost every state in the union and it is a remarkable and eloquent testimonial of the lasting power and influence of one man who is devoting his life to uplifting his fellow men.

In almost every instance Mr. Murphy was able to place the people when told where they were from and immediately his marvelous mind connected them with other people in the same place and he asked many questions about people in whom he was interested. With so many friends calling to see him, we could not help feeling honored when, as we started to say our good-byes and asked if there was any way by which we could secure seats at the evening meeting without going to the hall. An hour or so before the meeting, Mr. Murphy said "Why of course you're going right along with me. You're going to take dinner with me here tonight if you can and then we'll go over to the hall together and if we

REPUBLICANS OUT IN FULL FORCE

Nominations Made at the Caucuses Were All Satisfactory—Ward Committees and Delegates.

The republicans of the city were out in full force last night at the ward caucuses, and as a result put in nomination for the different ward offices men who are known to be straight-forward, upright citizens and have the respect of all. In the first ward E. W. Lowell, the nominee for alderman, is an up-to-date business man, who will look out for the city's interests to the best of his ability. C. J. Bowles has already served several terms as supervisor and has a fine record.

In the second ward Dr. James Mills will make a first class man to look after the interests of the ward. H. M. Paul has already served one term on the county board and has made a first class supervisor. No better selection than E. B. Helmsstreet could have been made for school commissioner.

Dr. J. H. Judd, the nominee for alderman in the third ward has already served the ward in the council and is a first-class man. The nomination of J. L. Bear for supervisor could not be improved upon. He has been a member of the board for several years and has been chairman for the last two years.

L. A. Hemmens, nominated for alderman in the fourth ward is a young man who will look after the ward's interests in first-class style. M. G. Curtis will make a first class representative for the ward on the board of supervisors. Carl Pabst is well known in the fifth ward and should be elected to the office of alderman. O. S. Morse is the pick of the ward for supervisor. The following are the nominations made:

First Ward.
Chairman, S. B. Heddes; secretary, G. H. Dayer, 20 votes being cast. The following ticket was selected:
Alderman—E. A. Lowell.
Supervisor—C. E. Bowles.
Constable—F. S. Feiton.
Delegates to city convention: H. L. McNamara, S. B. Heddes, James Shearer, S. Stover, Hill, W. H. Grove, S. Heyner, G. H. Dayer, W. F. Carlo.

Second Ward.
The second ward caucus was held at the East side engine house, 38 votes being cast. The following ticket was selected:
Alderman—Dr. James Mills.

AMUSEMENT NOTES.

The Female Minstrels at the Myers Grand last night were something of a disappointment to the large audience of young and old men, who crowded the place expecting to see something lively and salacious. Some effort was made in the advance notices to give the show such a reputation, but it failed to come up to expectations. There was not a crack made during the entire performance that could be construed up as suggestive. The affair was as thin as water. The much vaunted "beauties" were not beauties at all and their voices and artistic skill were much below par.

Funny "Humpty Dumpty and the Black Dwarf" will be at the Myers Grand, Monday, March 24. To describe this grand spectacle is hardly possible, there is so much of it. English pantomime has seldom been well represented in this country for the special reason that the cost of equipment and large salary list made it a colossal venture, still the results have always equalled the risk and large fortunes are yearly made in London with the customary Xmas attraction.

Peck's Bad Boy, coming to the Myers Grand, Tuesday March 25, is but additional proof that a popular farce will last almost forever. Manager George W. Heath knows the virtues of their lay as a laugh producer and is evidently aware that to make the farce a continual success he has to get the right people to portray the different parts.

The forthcoming appearance of beautiful Marguerita Sylva in Willard Spencer's latest and greatest opera, "Miss Bob White" at the Myers Grand on Friday night, April 4 will undoubtedly prove to be the event of the season in this city. Coming as it does with its phenomenal record of a hundred and twenty-five consecu-

tive performances in Philadelphia at the Chestnut street Theater and with its great prima donna, cast and production, to say nothing of the immense ensemble made up of its great chorus and enlarged orchestra it certainly marks an important epoch in local theatricals.

That "Ole Olson" which appears at the Grand tomorrow night is popular with the masses is evidenced by the crowds that have flocked to see our Swedish friend in every city visited this season; for although it has been presented by an inferior star and company on one or two occasions, the mere fact that Ben Hendricks has again taken up the play and appears in the title role is a guarantee of an enjoyable evening's entertainment.

"My little boy took the cough on" night," says F. D. Reynolds of Mansfield, O. "and knew so and you could hear him breathe all over the house. I thought he would die but a few doses of One Minute Cough Cure relieved and sent him to sleep. That's the best we heard of the cough." One Minute Cough Cure is absolutely safe and acts at once. For coughs, colds, croup, grip, asthma and bronchitis.

Four Injured in Explosion.

Chattanooga, Tenn., March 21.—An explosion at Chico furnace, this city, injured four men, none fatally. The injured were: Tom Keener, master mechanic; Log Hollywood, water tender; Bill Doekey, John Schofield.

The explosion was the result of the crown sheet of the boiler blowing out. Keener and Schofield were the most seriously injured.

Panama Concession Approved.
Paris, March 21.—On application of the Panama Canal company the civil tribunal approved of the eventual cession of the canal property to the United States, subject to a reserve regarding modifications to be obtained from the Colombian government regarding articles 2) and 21 of the agreement.

Wood to Consult with President.
Havana, March 21.—Governor General Wood left here early yesterday on the Kanawha for Miami, on his way to Washington, where, it is expected, a final consultation will be held with President-elect Palma and other Cubans in regard to establishing a Cuban government.

Kentucky Reform School Burned.
Lexington, Ky., March 21.—Bradley dormitory at the State School of Reform near this city was set on fire by its youthful inmates and destroyed. All the inmates, 125 boys, were saved. Two escaped during the fire and nothing has been heard of them.

Veteran New York Jurist Dead.
New York, March 21.—Noah Davis, formerly a justice of the supreme court of this state, died at his home of old age. He presided at the trials of William M. Tweed for official malfeasance and of E. S. Stokes for the Fisk murder.

But little can be said in the way of encouragement regarding the condition of the market for the crop of 1901. About a half dozen buyers are riding on this market but they do not buy to any great extent. The sales now are mostly of the low or medium grades, for which prices range from four to seven cents in the bundle. In some sections of the county the farmers who have not sold are assorting and packing on their farms or are having the work done in some warehouse.

In old tobacco the conditions remain unchanged, there being no business except the selling of the usual number of small lots to manufacturers. About a dozen assorting rooms are running, with about 600 persons employed. J. A. Decker started up his assorting room this week with a good sized force.

Mr. R. Hoffman of Marietta, Pa., and J. L. Greene, of Reading, Pa., are in our market this week, looking over the situation.

An increasing realization among farmers in this section that they may have been holding their tobacco rather too high to allow the packer a profit commensurate with the risk assumed, has tended to induce more active trading during the week, with the prospect of a still greater business next week. The movement so far has extended to medium grade leaf only, the growers still holding to the opinion that high class goods are worth all that is asked for them, and on account of their scarcity, perhaps more. The reported sales aggregate about 100 acres, at prices ranging from five to eight cents. It is probable, however, that many scattering transfers, if verified, would add to the total considerably. Deliveries of recent purchases have also been more numerous and regular, with the result that packing houses are busier than they have been in several weeks. The shipments out of storage slightly exceeded 400 cases.

RAILROAD NOTES.

The Northwestern railroad has established a school at North Fond du Lac for the examination of employees of the train department. A passenger coach has been "set out" near the round house for that purpose. The examination is on the new book of rules which was issued on March 1 and will go into effect on April 6, at which time all employees of the train department will have taken the test. The book includes the standard code of signals which was adopted by the road recently.

Oshkosh is receiving co-operation in the movement to get the Milwaukee road to build an extension along the west shore of Lake Winnebago through Oshkosh, Neenah and Menasha and to connect with the main line at some point north of the last two cities named and between them and Green Bay. The business men of the city of Kaukauna and of Neenah and Menasha are enthusiastic over the matter. The only opposition to the project comes from Fond du Lac and the east shore points, which are desirous that the line be extended along the east shore.

AT WORK, TO START THE SHOE FACTORY

Marzluff & Co. Expect to Get Running Early in May—Will Make Only Best Women's Shoes.

A large force of men are clearing the machinery from the top floor of the upper cotton mill so that possession may be given to Marzluff & Co. April 1. The third floor of the cotton mill is 250x52 feet, giving 13,000 square feet of surface. This mill gives Messrs. Marzluff & Co. much more floor space than they had in the factory recently burned.

Mr. Marzluff is in the east purchasing machinery and supplies. Some of the machinery has already arrived and will be put in place as soon as possession is given. A complete and large stock of lasts are being purchased and will soon be here. Some of the old machines are being fitted up for use again by the injured parts being taken out and new parts purchased.

The factory will run with water power so long as there is water for that purpose. When the water supply gives out steam power will be used, there being a large steam power plant connected with the mill. It is hoped that the cutters may begin work in the factory about the middle of May, to be followed by the bottomers, the finishers and packers in the order named. It is thought that the entire force of 150 persons can get at work early in May.

The machinery, lasts and stock being purchased are for the production of the best grade of Women's shoes and everything is being done to inaugurate an industrial institution that will be a credit alike to the proprietors and the city.

G. T. O. B. Afternoon Club.
The ladies of the G. T. O. B. afternoon club entertained their gentlemen friends at the home of Mr. and Mrs. H. W. Kramer, 101 Center avenue, last evening. A sumptuous supper was served at seven o'clock, after which the evening was pleasantly spent in playing high king. The first prizes were won by Mr. and Mrs. H. M. Paul, while Mrs. Chas. Reeder and Fred L. Smith, after desperate and pathetic efforts, finally succeeded in capturing the consolation prize. The gentlemen were unanimous in the opinion that they hoped the ladies would soon see fit to again act as their hostesses.

Leaf Tobacco Notes

displays only a fair amount of activity, the price of which new Zimmer is being held acting as a decided deterrent. Considering the cost of packing, ten cents is considered too high by packers, and transactions lag in consequence. Seedling is selling at from five to seven cents through, with changes in ownership not over numerous. Old Zimmer is bringing from six to eight cents through, and seems to be in sufficient demand to warrant the price. Many farmers have still at least a part of their crop on the poles, the continued severe cold weather having prevented them from taking it down.

The recent floods, while playing havoc with the railroads, cleared the roads of considerable of their accumulations of snow, and deliveries have picked up considerably. The same cause tended to increase the number of riders, and sales have been more numerous than in some time past. Prices, however, seem to have dropped off slightly from those prevalent earlier in the season, figures now prevailing in the bundle. Some farmers object to this price, and have commenced assorting, but the practice is not likely to become general.

Connecticut Valley.
Prices for tobacco in bundle are exhibiting an upward tendency, but this improvement is confined to good leaf, of which there is far from an over abundance. Of the other kind nothing has been said, except that buyers still refuse to admit its value, and growers are commencing to agree with them. It is true that prices for wrapper leaf have not reached the high-water figures prevalent during the latter part of July and the first part of August, but the 18, 19 and 20 cent sales are not unknown, and it is evident that a standard of value is on the way to accomplishment. It is more than likely, however, that the increase in prices has been caused by the knowledge of the fact that most of the desirable crops of wrapper leaf have been purchased.

STUDENTS HURT IN CLASS RIOTS

Pitched Battle in Omaha College Results in Many Broken Heads.

FIGHT LASTED THREE HOURS

Conflict Ends When the Belligerents Are Completely Exhausted—Attempt to "Stretch" an Iowa College Boy Results in One of the Hazards Being Shot.

Omaha, March 21.—About 300 students of the Omaha Medical and Dental college engaged in a pitched battle in one of the lecture rooms of the college yesterday. The fight lasted for three hours without a moment's intermission, and ceased only when the combatants were completely exhausted.

For years there has been a feud between the medical students and the dental students. Yesterday the freshmen of both classes were left to themselves in a lecture room awaiting the arrival of an instructor. They began calling names, and blows quickly followed. In a few minutes students of other classes began to join in the affray, and the fight quickly spread over the whole building. Students even left the patients in the infirmary to participate.

Furniture was broken up to provide clubs and table legs and chair backs were hurled across the room regardless of consequences. When the smoke of battle cleared away there was hardly a whole desk or piece of furniture in the room. Many heads were broken, and Frank Miller, a medical student, had to have some stitches on the top of his head, where he had been struck by the top of a desk.

Ames, Iowa, March 21.—In a melee resulting from an attempt to "stretch" Student R. Campbell of Webster City at the Iowa State college, J. A. Lawrence of Muscatine was shot. "Stretching" is a form of hazing and consists in tossing the subject in the air while holding his arms and legs. Campbell resisted and retreated to his room, where he kept the crowd of students at bay with a revolver. One of the boys entered the room through a window and clasped Campbell from behind. In the melee which followed the revolver was discharged, the bullet striking Lawrence in the breast, but not inflicting a dangerous wound. No arrests will be made. Campbell is attending classes, but has been expelled from his boarding club, of which both were members.

Plano Factory Destroyed.
New York, March 21.—Hardman, Peck & Co., piano manufacturers, suffered a loss of \$300,000, or possibly more, by the destruction by fire of their plant. The fire started from some unknown cause in the packing room, which is in the three-story part of the big factory. There it quickly spread throughout the entire building which was destroyed. When the walls fell a lot of debris fell on the roof of a frame stable adjoining, injuring one fireman and one spectator, who were on the roof. The flames also wrecked the upper portion of the firm's five-story structure.

Undertakers Fight for Corpses.
Louisville, Ky., March 21.—R. Smith and J. H. Taylor, rival undertakers, had a fight for the possession of the remains of John Carson. Carson was found dead in his yard. Coroner Kelly was summoned and directed Smith to take charge of the remains. In the meantime Taylor arrived on the scene, claiming to have an order of the family to take charge of the body. Smith refused to give up and the undertakers had a fist fight.

Charged with Larceny.
Muncie, Ind., March 21.—John Fahrner and his young wife, recently married, who came to Muncie from Chicago, were arrested, charged with larceny. They were taken to Logansport, where the charge was preferred against both. It is claimed they secured furniture without paying for it. Fahrner had just embarked in the tailoring trade.

Headline Bonds Increased.
St. Louis, March 21.—Judge Ryan has ordered an increase from \$5,000 to \$20,000 in the bonds of Henry Nicholas, Julius Lehmann, Henry Faulkner, Charles Kratz, Robert M. Snyder and George J. Kahush, under indictment for bribery or perjury in connection with the Central Traction, Suburban and garbage deals.

Railroad Man Buys Villa.
New York, March 21.—William B. Leeds, president of the Chicago, Rock Island & Pacific railroad, has purchased from the estate of Henry Hilton the famous villa known as Otter Rocks, at Belle Haven, Conn. The price paid is reported to have been \$50,000.

Gen. Smith Ordered to Texas.
Washington, March 21.—An order was issued relieving Brig. Gen. Jacob H. Smith from further duty in the division of the Philippines and directing him to proceed to San Antonio, Tex., to assume command of the department of Texas.

Lieut. Sinclair Acquitted.
Manila, March 21.—Lieut. William S. Sinclair of the Twenty-eighth Infantry, recently tried by court-martial on the charge of causing the death of a soldier prisoner by gagging him and pouring water on his head, was acquitted.

SUGAR BEET MEN BEING COERCED

Washington, March 21.—The opponents of Cuban reciprocity are being quietly informed that should they go to the extreme of joining with the Democrats in the House and repudiating the speaker they will be punished by the passage of a bill reducing the duties upon Cuban products 40 or 50 per cent, instead of 20 per cent, as proposed in the measure which will soon be reported from the committee on ways and means.

Slight importance is attached to the threats of the insurgents by the leaders in the reciprocity movement, who assert that not five of the hostile Republican members will desert their party. Nevertheless, the leaders have thought it prudent to impress upon them the measure which is to be considered in the House is a compromise, mild in the rate of reduction, limited in time of operation, and conditional upon the adoption by Cuba of this country's immigration laws. Should the proposition which the ways and means committee offers be defeated, a more radical measure will be brought in. If the Democrats are successful in making political capital during the consideration of the compromise measure they will be satisfied and will gladly join the Republican majority that favors reciprocity in passing a more radical measure reducing the duty 40 or 50 per cent.

Missouri Seat Declared Vacant.

Washington, March 21.—In the contested election case of William H. Horton versus James J. Butler, from the twelfth Missouri district, the Republican members of the election committee No. 1 have decided to recommend that the seat be declared vacant. The registry lists contain about 14,000 names which could not be located at the places of residence designated nor were these names in the last census returns nor in the city directory of St. Louis. About 9,500 of these doubtful names appeared in the voting lists, of which it is estimated that Butler received about 7,000 and Horton about 2,500.

War Revenue Repeal Act.

Washington, March 21.—Senator Aldrich, from the committee on finance, presented to the senate the report of that committee on the bill repealing the war revenue act, and thus made public for the first time the amendments suggested by the committee. There are many changes in the language of the bill, but, except in one instance, the intention of the house bill of repealing the entire act is respected. The exception is the provision in the existing law providing for the taxation of "bucket shops," which is left intact, and the tax continued in effect.

Ben Cable May Be Chairman.

Washington, March 21.—Ben T. Cable of Illinois is in active training for the chairmanship of the Democratic congressional committee. Although not a member of congress, he is eligible and has influential backing. He has been in Washington working quietly for several days and is understood to have the support of William Jennings Bryan and of Tom Johnson of Cleveland. Mr. Johnson aspires to presidential honors and Mr. Cable is understood to represent him.

Washington Notes.

Washington, March 21.—James O'Connell, president of the International Association of Machinists; John J. Keegan and Fred Harley of Philadelphia called on the President to urge the abolishment of the system of piece work in vogue at the Frankfort arsenal, Philadelphia. They also asked for a modification of the President's recent order against employees of the government trying to influence legislation.

Additional rural free delivery service will be given Brockton, Christman, Hume, Kansas and Vermilion, all in Edgar county, Illinois, April 1.

Chicagoans interested in the zinc mines of Missouri have sent to Representative Mann of Illinois, and he has introduced at their request, a bill which proposes to impose a duty of 3 cents a pound upon zinc and its various products.

The military appropriation bill was ordered reported by the House committee on military affairs. It carries \$90,905,940, as against estimates of \$101,905,940 and appropriations last year of \$115,731,019.

Herbert H. D. Pelree, third assistant secretary of state, declines to be considered an aspirant for appointment to the first secretaryship, even should that office become vacant through the dispatch of Dr. Hill to Berlin to succeed Ambassador White.

Secretary Cortelyou has announced the appointment of Thomas F. Stone as chief usher at the White House to succeed William Dubois, resigned.

President Roosevelt has denied through his secretary that Professor O'Brien, the teacher of athletics, has been coaching him in the Japanese art of "Jujutsu."

Fire at Northwestern University.

Chicago, Ill., March 21.—Flames broke out in the men's dormitory of Northwestern university last evening. There was excitement in the building when the blaze was discovered, but it was extinguished before the arrival of the firemen.

Honor for Alice Roosevelt.

Wilhelmshaven, Prussia, March 21.—Emperor William has directed that a former torpedo boat, now used as a guardship here, shall be renamed "Alice Roosevelt."

AN OPEN LETTER.

To the Mayor of this City:

Dear Sir:

In addressing this open letter to you, we thereby recognize in you the people's special representative, and through you to them we desire to make certain representations, the truth and authenticity of which, in consequence of our medium of communication must be accepted without question, as we are fully alive to the indignity we would cast upon you were we to utter false statements through you.

From time to time we have caused to be published in the papers of this city certain statements and claims for our new tonic and reconstructor, Vinol, Wine of Cod Liver Oil. We have asked the people to investigate these claims under the guarantee that we would make good to them all the money expended in prosecuting their investigations, provided the results were not exactly what we claimed.

Through you we wish to state to the people that this investigation has brought to light positive proof that Vinol amply justifies the strong statements we have made concerning it; proof monumental and indisputable is coming to us from all parts of the city which confirms beyond contradiction the fact that Vinol is a scientific and wonderfully successful remedy for the ills for which it is recommended. While, of course, you accept our assurances of this fact, we offer, and shall continue to do so, the indisputable and unparalleled testimony of prominent citizens of this city, whose experiences we shall be glad to recount to all who are interested enough to call at our store and ask about them.

Kindly understand that Vinol is not a patent medicine. It contains nothing but the curative properties of cod liver oil and a little organic iron dissolved in a delicious table wine, and while it contains all the medicinal elements and curative properties contained in the cod's liver, it contains no oil or grease and is as deliciously palatable as the most delicate glass of wine, and we cordially invite everyone to call at our store and investigate it thoroughly.

No one medicine will cure everything, but we do know that Vinol will certainly help all those who are afflicted with ailments for which Vinol is recommended. To verify this statement, we would say that although we have always sold Vinol on a positive guarantee that we would refund the entire amount of purchase money to all persons who bought it from us and after a fair trial were not satisfied, ninety-eight per cent. of the bottles of Vinol sold from our store have been paid for and retained, which shows that Vinol must have been successful in almost every identical case.

You can readily understand that a bold guarantee of this kind would bankrupt us if we were not absolutely sure that the remedy we are recommending and guaranteeing will support our claims, which are set forth in circular which we append herewith.

As a Spring Tonic

after the debilitating effects of the winter season, caused mainly by too much indoor life,—too little exercise and neglected colds,—most every one needs a "bracing up" tonic. VINOL will re-establish strength, energy and vim, quicker than anything we know. Try it on our guarantee.

Pale Women — Pale Children

need a tonic-reconstructor that will create flesh, and make pure, red blood. Pale, haggard faces show that the blood is poor and thin and also indicate imperfect digestion. VINOL will correct such troubles as sure as the sun shines. Children love VINOL, it is so delicious. Try it on our guarantee.

Debilitated — All Tired Out.

Why drag out an existence without life or ambition? It is not natural to feel continually tired. We guarantee VINOL will bring life, strength and vigor to the debilitated. If you do not feel well try VINOL. If it does not help you your money will be refunded.

Gain Flesh — Get Strength.

You can get fat without taking disagreeable Cod Liver Oil. Fat taken into the system does not create fat. We believe VINOL will create flesh quicker than any preparation containing grease. We have proved in many cases that VINOL quickly creates strength. Try it on our guarantee.

Indigestion — Dyspepsia.

Only those who actually suffer know its terrors, for them life is robbed of all joy. It produces many serious complications and endangers the entire system. Relief only comes when a scientific remedy enables the stomach to properly assimilate food. There is no medicine that will do this so successfully as VINOL. Try it on our guarantee.

Old People — Weak People

need a strengthening and invigorating re-builder. VINOL is of exceptional value in such cases. We guarantee to give strength and health to those who are weak and debilitated from disease or old age. Try it on our guarantee.

Nursing Mothers — Weak Mothers.

If women with nursing babies who have difficulty in keeping up their health and strength would take VINOL, we know positively that the best results would be obtained. You know the life and future development of the child depends upon proper nourishment. Try it on our guarantee.

Bronchitis — Sore Lungs.

These diseases often end fatally unless especially cared for in their early stages. There is no medicine more valuable for restoring health to the throat and lungs than VINOL, Wine of Cod Liver Oil. Try it on our guarantee.

Nervousness — Irritability.

Diseased nerves are due to overwork, insufficient nourishment or slow breaking down of general health. We guarantee VINOL, Wine of Cod Liver Oil, to permanently and effectually cure nerve affections; it actually rebuilds the entire body. Try it on our guarantee.

Chronic Colds — Hacking Cough.

Sure signs of danger ahead. One might as well commit suicide as to let them go unchecked. VINOL is the very medicine needed. Unlike other Cod Liver Oil Preparations, it does not upset the stomach, and it is delicious to the taste.

All persons who buy Vinol are under no obligations to us if after giving it a fair trial they have received no benefit; upon calling at our store they will receive their money back.

You see our faith in Vinol, and you must admit that we know something about medicine; therefore, when we state to the people through you that Vinol is the most valuable preparation of cod liver oil we have ever sold, and a wonderful tonic reconstructor and re-builder of strength, appetite and health, we are not unreasonable to expect them to believe us. We shall continue to recommend Vinol for the above ailments on our positive guarantee. Yours, with much respect,

SIGNIFICANT SIGN.

In the result of the contest between the Milwaukee Republicans as to who would be nominated as the party candidate for mayor, the adherents of Gov. LaFollette ought to be able to see the hand writing on the wall, so to say. That result was that Major Anson, the candidate of the stalwarts, carried the caucuses by overwhelming majorities and was nominated by the convention yesterday along the lines existing regarding Republican state politics and indicates that Senator Whitehead will be easily nominated for governor. His triumph may not be quite so complete as that of Maj. Anson, in Milwaukee, but it will come, notwithstanding.

The La Follette followers in Milwaukee, although routed here, foot and dragon, accept the preliminary result in the mayoralty contest in good spirit, notwithstanding. The man whom they rallied around, Thos. H. Brown, set them a good example in writing a letter to his successful opponent congratulating him on the outcome so far and pledging him his support in election. The Free Press also speaks well for Maj. Anson and will support him. All this is praise worthy and is the true demeanor of one element of a party towards another. It is the kind which should characterize both, after the nominating convention.—Appleton Post.

The "Post" sizes up the situation about as it is. The Republican campaign in Milwaukee was significant and the result will be felt throughout the state. If Major Anson is elected, the influence on the state campaign will be still greater, although the strength of conservative republicanism was tested at the primaries. There is a class of voters in every community, who, while not taking an active interest in politics, always like to be on the winning side. There is another class who make it a matter of business to be in line for the loaded wagon, at the sacrifice of personal choice, if necessary. These two classes, and their friends will be influenced by the Milwaukee contest.

Candidates for the legislature will be selected with reference to their loyalty to Senator Spooner, and while it may be argued, by the supporters of the state administration, that Spooner's return to the senate is not an issue, the argument will be without weight, for it is generally understood that Spooner and La Follette are not a possibility. This will be one of the issues in every assembly district in the state, and while the governor has many admirers, Spooner has an army of loyal supporters, who do not propose to see him sacrificed.

Men possessed of legislative ambition will take this into account, and conditions prevailing in Milwaukee, may help some of them to decide the kind of loyalty necessary to success.

In some counties the contest will be carried into the selecting of candidates for county offices, and the gentlemen who are aspiring to these positions, will be governed accordingly. The campaign will be aggressive, so far as the conservative element of the party is concerned, and it will be launched in good earnest, as soon as the spring elections are out of the way. There will be no star chamber proceedings, but everything will be open and above board. Senator Whitehead is a candidate for the office of governor, called out by a constituency that is honest in conviction and determined in purpose. He is not a man of straw, neither will he be sidetracked, as has been so frequently stated. His destiny is so closely allied with that of Senator Spooner, that the success of one means the success of the other. It is idle to claim as is sometimes done, that the latter is not a candidate to succeed himself. He is in the hands of the people and the demand for his retention in the senate is so universal, that it is not necessary for him to make any declaration. The state of Wisconsin wants his services, and the men who oppose him, either directly or indirectly, are as much in the minority throughout the state, as was the opposition to conservative republicanism in Milwaukee. The state is conservative. In make up and the conservative element will control it.

THE CEMENT POST FACTORY.

The question of whether the city of Janesville shall secure a factory that will employ 100 men by the payment of a bonus of \$5,000, is up to the people to decide. The industry and the men behind it, was freely discussed at the business men's meeting last Wednesday evening, and it is safe to say that every man present was satisfied that the enterprise would be a good thing for the city. Mr. Clough is personally acquainted with two of the capitalists, and vouchers for their financial and business ability and integrity. The enterprise is not an experiment, and if the industry is secured, it means permanent buildings to cost from \$30,000 to \$50,000, and an annual production of some 2,500 car loads of posts. The employment of 100 men means an increase of population of about 500 people, and this means an increased demand for houses and a more liberal patronage to all lines of business.

It was well stated by Mr. M. G. Jeff-

ries, at the meeting, that this bonus should not be regarded as a gift, as the money contributed value to all kinds of property. \$100 invested to secure \$1,000 worth of new business is a ten per cent. investment, but if the increase is perpetual for ten years, the ratio of investment is only one per cent. It does not follow that securing the factory will add \$1,000 to every man's business, but it does follow that every new industry adds to wealth and population. If the city can take on substantial growth, it will be a direct benefit to every property owner, and business man.

The committee having the matter in hand, are entitled to every encouragement. With united effort, every dollar can be raised, and in a year's time the investment will be called the best ever made by the citizens.

The campaign was opened by Gov. La Follette at a farmers' meeting at Oconomowoc, Tuesday evening, March 18. His address indicates that the primary law is still in evidence and will be made an issue. Four months of discussion at the expense of legislation, made the average voter a little weary.

Mr. Bryan celebrated his forty-second birthday, by moving from his city residence out to his farm, where he will live in his barn, while his new house is building. He has abandoned the notion of occupying the White House for the present, and will devote his leisure to meditation and Nebraska corn, both profitable occupations.

Prince Henry was so much pleased with America, that he says he would like to return to see the rest of the country. If he will wait till next year, St. Louis will be glad to see him, and Bryan would be glad to show him how to raise corn in Nebraska.

The life of a politician is not all sunshine, but when a game warden camps on his trail it is full of activity. If state employees have any trouble in earning their salaries this year, it won't be for lack of opportunity.

General Nelson A. Miles' public career is soon to close. He reaches the age limit next year, and may be retired sooner. The President is not in hearty accord with some of his erratic movements.

The boy and the marbles are pleasant reminders of spring. The good house wife keeps up with the procession, by vigorous and persistent cleaning, that induces her better half to spend his evenings at the club.

A Missouri jury has decided that a boycott is legal. The judge is favored by an occupation that is never disturbed by labor troubles. The justice shop is not subject to boycott.

It is gratifying to know that the library board has adopted a plan and will soon commence work. The building will be an ornament to the city.

The Vatican, at Rome, has been robbed of \$1,600,000 in personal property. The loss was but recently discovered.

The city republican ticket is a good one, and entitled to the support of the party.

Every republican candidate for alderman should be elected by a good majority.

PRESS COMMENT.

Baraboo Republican: The state appointees, who have been in Milwaukee during the last three weeks working to pack the caucuses with LaFollette votes, should not be censured for the poor showing they made. They did the best that could be done. The trouble is that there is no LaFollette following in the city. The people in the state will take heed of the object lesson and when the state convention comes La Follette will go and John M. Whitehead will be nominated for governor on the Republican ticket.

LaCrosse Rep. & Leader: Senator J. J. McGillivray, of Black River Falls, is somewhat bothered at present. The LaFollette men are not working for him in Jackson county, and the stalwarts do not put much trust in him, so he is rather flocking by himself so far as any organization is concerned. But he has a way of hustling that may prove him a winner in the senatorial contest when the convention meets. His recent speech in Clark county, explaining why he voted to kill the taxation bills, does not cut some of his constituents, while his devotion to the Stevens' primary election bills makes the others a trifle weary.

Evening Wisconsin: Representative Cooper, of Wisconsin, received a letter the other morning from a constituent who is a short-course student in the agricultural college in his state. It read:

"I'm a short course student at the agricultural college and want diseases of the horse."

Representative Cooper is thinking of advising the "short course" young man to board for a time in a livery stable where there is an epidemic of epizootic or glanders.

Oshkosh Northwestern: The recent special session of the Minnesota legislature cost the state somewhere in the neighborhood of \$50,000, and now the people are trying to figure out how they got their moneys' worth.

Tomah Monitor: As was to have been expected, LaFollette's organ in this county has come out for J. J.

McGillivray for a third term for state senator. Why? Because the word has gone forth from the LaFollette syndicate that McGillivray must be returned in order to head off John C. Spooner's return to the United States Senate.

Milwaukee News: In sending five hundred students to the mines of Siberia and in executing fifteen of the "ring leaders" the government of the czar has indicated that after all there may be some difference between monarchial and republican institutions.

Milwaukee Journal: The fact that two years ago Henry Baumgaertner got about 90 per cent. of the delegates and this year Thos. H. Brown did not get to exceed 20 per cent. would indicate that the LaFollette sentiment is unwell in Milwaukee.

Milwaukee Sentinel: The factions who are predicting that conservatives will follow out a plan arranged for them by the factionists are entitled to one or more guesses and they should make them at once.

Racine Journal: Senator Whitehead is doing finely, thank you, and not in the least intimidated over the prospects of a mud slinging campaign.

Milwaukee News: As an exemplification of the fact that truth is stranger than fiction, a Kentucky convict tunneled out of his cell, stole a scuttle of coal and carried it back to keep himself warm.

One reason why women will never wear trousers is because there is nothing to grab when crossing a street.—Adelaide King in Milwaukee Journal.

Some of those Milwaukee fellows who "hocked the Kaiser" will not hock their winter overcoat to settle up.—Kaukauna Times.

If anyone thinks the sugar beet growers haven't got a congressional pull they have another think coming to them.—Dartford Reporter.

Deporting 500 students to Siberia may not be in the interests of higher education, but it will probably be conducive to peace.—Milwaukee Journal.

PRACTICALLY ASSURED

The victory of Maj. C. H. Anson at the republican primaries in Milwaukee is significant. The LaFollette forces refused to unite on a candidate who had not been identified with either faction and gave their opponents to understand that it was to be either one of their men or a fight to the finish. With the latter policy adopted the administration forces settled up on Tax Commissioner T. H. Brown as their candidate, a gentleman whose personal worth doubtless drew a larger vote than any other man whom they might have selected. And yet, in spite of all this, Maj. Anson won out, securing three-fourths of all the delegates elected. This shows that the claim to the effect that the stalwart movement is waning, is a false one. In Milwaukee it is stronger than ever and what is true in Milwaukee is true in every other section of Wisconsin. The success of the stalwart movement and the nomination of Senator John M. Whitehead for governor, are among the things practically assured.—Fon du Lac Commonwealth.

Conservative Sentiment.

State Journal: Senators Spooner and Quarles have magnificently voted the conservative spirit, of the northwest—together with the Iowa senators, Allison and Dolliver—in their successful protest against the ship subsidy bill. Mr. Frye, whose name the bill bears, is a man beyond reproach but he lives on the New England sea coast and local prejudice impairs a national point of view. The need of an artificial stimulus cannot now be imperative, at a time when the United States leads the industrial world. Senator Spooner's attitude betokens the statesman. He has offended some party associates but he has reflected the best national sentiment. He has not only voted well for his country, but greatly aided his party, for republicanism cannot too soon "about face" in the matter of subsidies and privileges of all kinds. Wisconsin sends greetings to Senator Spooner and Quarles; our people are behind them to a man!

THE POWER OF PRINT.

A newspaper whose columns overflow with ads of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where is an enterprising community. No power on earth is so strong to build up a town as a newspaper well patronized, and its power should be appreciated.—Rev. T. De Witt Talmage.

TALLMAN FOR CITY ATTORNEY

John Cunningham Defeated for His LaFollette Affiliations.

FATHERS IN AGAIN

William S. Jeffris for School Commissioner, and Jesse Earle Justice of Peace.

IS A WINNING TICKET

REPUBLICAN CITY TICKET.
JAMES A. FATHERS.....City Treasurer
STANLEY D. TALLMAN.....City Attorney
WILLIAM S. JEFFRIS.....School Commissioner
JESSE EARLE.....Justice of the Peace

The significance of the results in the republican city convention held this afternoon was the turning point of John Cunningham who was a candidate for city attorney, he receiving 8 votes out of the whole number cast. Mr. Cunningham has been very pronounced in his opposition to the candidacy of John M. Whitehead and support of the LaFollette wing of the republican party. It is said that his defeat was due simply to that fact.

The republican city convention was called to order at two o'clock this afternoon by F. H. Koebelin, chairman of the city committee, who read the call for the meeting. On motion J. L. Bear, W. J. McIntyre was elected temporary chairman, and A. C. Jenkins, temporary secretary.

The chair appointed Wilbur Carle, M. O. Mount, W. G. Palmer as a committee on credentials. The delegates present were instructed to cast the full vote of the ward. The list of delegates correct and the report was adopted.

George H. Davey moved that the temporary organization be made permanent.

On motion of J. L. Bear the secretary was instructed to cast the ballot of the convention for James A. Fathers for city treasurer. Carried.

The chair appointed F. H. Koebelin as teller. On motion of Silas Hayner the convention proceeded to an informal ballot for city attorney. J. L. Bear presented the name of John Cunningham, Henry Rogers presented the name of Charles E. Dunn, W. F. Carle presented the name of Stanley D. Tallman.

The informal ballot resulted as follows: Charles E. Dunn, 5; Stanley D. Tallman, 21; John Cunningham, 8. Whole number of votes cast 34. Necessary for choice 18. On motion of W. F. Carle the informal ballot was declared formal and S. D. Tallman declared the nominee.

On motion of W. F. Carle the secretary of the convention cast the ballot of the convention for W. S. Jeffris for school commissioner at large. On motion of M. O. Mount the secretary of the convention cast the ballot of the convention for Jesse Earle as justice of the peace.

J. L. Bear moved that the chairman of each ward committee should constitute the city committee. The motion carried. On motion of W. F. Carle M. O. Mount was elected chairman of the city committee. On motion the committee adjourned.

LAST SAD RITES OVER THE REMAINS

Funeral of the Late John Chase Held Yesterday Afternoon—Came to Rock County in 1854.

The funeral services of the late Mr. John Chase were held at the home of his daughter, Mrs. Harry Finch of La Prairie at one o'clock yesterday afternoon. Rev. Denison of the Congregational church of this city officiating. The song service was rendered by Mrs. Christine Hawley.

Deceased was born in Maryland, N. Y., August 11, 1825, and died on March 18, 1902. In 1850 he was married to Miss Hannah Little who died on January 7, 1887. They came to Rock county in 1854. Of the nine children that were born to them two died in infancy, the remaining seven are Mrs. Josephine Parker of Moravia, N. Y.; DeForest of Dawson City, Alaska; Mrs. Wm. Fox of Lake Charles, La.; Clara of Omaha, Neb.; Jacobs of Bassett, Neb.; Delos of Freemont, Neb.; and Mrs. Harry Finch of La Prairie. In the death of Mr. Chase we bid adieu to another of Rock county's old settlers who was held in the highest esteem for his honorable, upright character and his motto has ever been to "Do as he would be done by." The pall bearers are George Skinner, Philo Thomas, Homer Paul, J. W. Frost, James Scott, Joseph Hill.

Lester Schwamer Dead

Yesterday afternoon death entered the home of Charles Schwamer, 251 South Academy street and claimed as his victim his fourteen months' old son, Lester. The child had been ailing for some time, but the immediate cause of his death was an ulcer in the throat. The mother of the child died about four months ago. The funeral will be held at the house on Saturday morning and their remains will be taken to Brookfield, Wis., for interment.

Funeral of Mrs. R. J. Clemens The funeral of Mrs. R. J. Clemens will take place tomorrow at two o'clock from the home of her daughter, Mrs. George S. Parker, 451 Court street.

12,000 COMMENTS.
The Press Clipping Bureau of New York and Boston has just completed a collection of newspaper clippings for Senator M. A. Hanna covering everything printed in the editorial columns of the press of the United States and England relating to the death of William McKinley. No king or uncrowned ruler ever received so many tributes of love and esteem, not only from the press of his own country, but from all the world. This remarkable collection covers 12,000 editorial comments on the death of the late President, and is mounted on heavy gray cardboard and bound in four volumes. In full morocco. A more appropriate and pleasing memorial of our martyred President could not be devised. —Printers Ink.

WILL ASK SPOONER TO DEDICATE SHAFT

Memorial Committee of the County Board Accepted the Soldiers' Monument at Contract Price.

A meeting of the Rock county Memorial committee was held this morning at County Clerk Starr's office. The Soldiers and Sailors Memorial Monument was accepted at the contract price of \$8,125. The dedication of the monument will come on Memorial day, the exact date to be fixed by J. L. Bear, W. J. McIntyre and W. G. Palmer, the executive committee of the Memorial association. An effort will be made by the committee to secure United States Senator John C. Spooner to deliver the memorial address. Other speakers will also be secured for the day.

The meeting was called to order at 10 o'clock by President J. L. Bear. The members of the committee present were W. J. McIntyre, Simon Smith, J. W. Morgan, C. E. Lee, S. Conant, W. A. Mayhew and W. H. Dixon. On motion of C. E. Lee the monument was accepted at contract price, \$8,125. Simon Smith moved that the dedicatory services be held on Memorial day of the soldiers and sailors' union. W. A. Mayhew moved that Senator John C. Spooner be requested to deliver the oration. Simon Smith, that the officers of the association make all the necessary arrangements for the other speakers.

On motion of W. A. Mayhew, the saddling and grading around the monument was left to the county board committee, also that A. S. Jackson be allowed \$80 above contract price for changes made in the plans. The board extended a vote of thanks to A. S. Jackson, the contractor, for the conscientious manner in which he had performed the work. The county board committee were instructed to have a suitable walk built around the monument, and also have an iron frame built for its protection from looters and vandals. The committee having completed its work, adjourned.

ELECTRIC ROAD IS BUSY BALLASTING

Sixty Men Have Been Added to the Force—Over 2,700 Cars of Gravel Will Be Handled.

Another large force has been added to the working capacity of the interurban line between Rockford and Beloit and Janesville. Sixty men have been added from a force in Milwaukee and work will be rushed now to complete the work as promised late in the spring. The men will be engaged in ballasting the entire distance.

Some idea of the extent of this work can be gained when it is known that about 150 carloads of gravel to the mile will be used in putting the roadbed in condition for the opening of the line. With a large force at work only about half a mile a day can be completed, the gravel being taken from pits conveniently located along the right of way. This means a total of 2,700 cars of gravel to be distributed between this city and Beloit, and at half a mile a day it will take six weeks to complete the work.

The rollers are being put in position at the power house at Beloit, and the foundation for one of the big engines and dynamos is well under way. This foundation is a fine bit of work in itself. At the top it will be 24x33 feet in size and will extend into the ground from 10 feet in front to 16 feet in the rear. It is made of concrete and will be just as solid as a single block of the best stone when completed.

TOBACCO MEN WILL RESIST A RAISE

Prospect of an Advance in Insurance Rates Does Not Please the Warehouse Men.

The Janesville leaf tobacco men are considerably wrought up over a prospective raise in the insurance rates on tobacco warehouses and their contents. While there has been no attempt made to put the new rates into effect the prospects are that they will be soon.

Local tobacco men especially the members of the Janesville Leaf Tobacco Dealers' association are looking up figures regarding the amounts paid by the tobacco men and find that they are far in excess of the amount of the losses.

A meeting is to be held in the near future at which figures will be presented and various schemes looking toward their oration of a mutual insurance company. Should there be an attempt made to put the increased rates into effect, such a company will be formed without doubt.

Since the water works system was put in operation fourteen years ago there has been only one loss of any size on tobacco, and that was when the Tobacco Growers' association on the corner of North Academy and Wall streets burned November 30, 1894, entailing a loss of about \$23,000.

In view of these facts the dealers will strenuously oppose the putting into effect of the new rates, especially when some of the modern warehouses are to be rated at from 2 to 3 per cent, an almost prohibitive rate. The present rates are not opposed to any extent, but it is the re-rating that objection is urged against, and quite a little feeling aroused in the matter.

Edward Cribben Found Guilty

The jury in the case of the state against Edward Cribben charged with assault on Martin Riley on trial in the municipal court yesterday found the defendant guilty. Sentence was suspended by Judge Fifield until Wednesday, March 26 at 2 p. m. WILL LEAVE THE CITY

Dr. Louise P. Crow, the Osteopath, Goes to Chicago in April—Dr. C. W. Bliss Takes Her Office.

The many friends of Dr. Louise P. Crow, the osteopath, will regret to learn that she has decided to leave the city. Since becoming a resident of the city in the early winter of '97, she has formed an acquaintance, and established a reputation for the science of osteopathy, that has won the confidence of the people, who have recognized her personal worth and her skill as a practitioner. The doctor gained a state wide reputation before the last session of the legislature in seeking to gain recognition and protection for the school she represents. She possesses rare intelligence, and a thorough knowledge of her profession, and has enjoyed a liberal practice. She has decided to devote a year to further study and will go to Chicago for that purpose. Her office in the Hayes block will be occupied by Dr. C. W. Bliss the first of April. Dr. Bliss graduated from the Milwaukee College, and located at Ludington, Michigan, where he has met with marked success. He returns to Janesville to accept the opening offered by Dr. Crow's removal. The Ludington Record gives Dr. Bliss the following complimentary notice:

Dr. Bliss Goes to Janesville

Dr. C. W. Bliss, who has been in Ludington for the past eight months and who has as an osteopath, built up a nice practice, has decided to seek pastures new. He will leave Ludington on the 18th of this month and go to Janesville, Wis., where he will succeed to a fine business which he has purchased of a former practitioner. Besides establishing himself in the practice of his profession Dr. Bliss has formed a large personal friendship in this city, each and every member of which will regret to see him depart, but who will nevertheless wish him bon voyage to his new realm and the fullest measure of success there in. He can be reached after he departs to his new quarters by addressing him at suite 322-23, Hayes Block, Janesville, Wis.

Dr. Bliss will be succeeded by Dr. J. A. Stewart, who will continue in Dr. Bliss' old quarters in suite 2 of the Big Store block. The doctor is a graduate of the American School of Osteopathy and will undoubtedly succeed professionally as well as being welcomed socially in Ludington. Dr. Stewart arrived this week and is now established in Dr. Bliss' office.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed it swells and the secretions collect in the middle ear, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

MINERS DEMAND EIGHT-HOUR DAY

Insist on Recognition of Committees and Favor Arbitration.

PASS EMPHATIC RESOLUTIONS

Workers in the Virginia Field Threaten to Strike Unless Operators Make Concessions by May 1.—Pittsburg Traction Men Stay In.

Shamokin, Pa., March 21.—The temper of the delegates in the convention of anthracite miners was shown at yesterday's session by the adoption of emphatic resolutions as the result of grievances announced by the different delegations. The resolutions demanded an eight-hour working day in all the collieries and the recognition of mine committees by operators in the adjustment of disputes. This last named resolution, President Mitchell said, referred only to mine committees; the recognition of the union would be covered in the report of the scale committee.

Other resolutions adopted were: Favoring arbitration of trade disputes.

Declaring opposition to working with men not members of the mine workers' union.

Condemning the action of the Delaware and Hudson Railway Company for changing the conditions of employment at Plymouth, which resulted in a reduction of wages and violation of contract.

Demanding the reinstatement of men discharged by the Delaware, Lackawanna and Western Railroad Company at the Woodward, Avondale and Pettibone collieries, who refused to comply with the company's order requiring them to work on what is known as the "swing shift" system.

Providing for a systematic examination of working cards.

Requesting the state bureau of mines and mining to print not less than 25,000 copies for distribution among the mine workers.

Condemning the system of blacklisting by companies of discharged employees.

Huntington, W. Va., March 21.—The annual convention of the United Mine Workers adjourned last night. But little information is given out, but the prevailing opinion seems to be that unless the operators make some concessions that are demanded a general strike in the two Virginias will be ordered by May 1.

Pittsburg, Pa., March 21.—The motormen and conductors employed by the West End Traction Company did not strike last night. This was decided at a meeting held by the local union. The executive board of district No. 3, Knights of Labor, with which the traction employees' local is affiliated, decided that the strike order was illegal and the Knights of Labor would not give it any support. The local union had not laid the matter before the executive board of the district assembly.

Names Conciliation Committee.

New York, March 21.—Senator Mark Hanna has named the members of the committee on conciliation of the Civic Federation, whose appointment was provided for at the last meeting of the executive committee. According to the by-laws the committee was to consist of the officers of the executive committee—M. A. Hanna, chairman; Samuel Gompers, first vice chairman; Oscar S. Strauss, second vice chairman; Charles A. Moore, treasurer; and Ralph M. Easley, secretary—and nine men to be appointed by the chairman. His appointments are:

Archbishop Ireland, Bishop Potter, Franklin MacVeagh, John Mitchell, Frank F. Sargent, James Duncan, J. Kruttschnitt, William H. Pfahler and Marcus M. Marks.

This committee is to take up threatened troubles between capitalists and working men with a view to settling them.

Fatally Injured by Flying Ax.

Elgin, Ill., March 21.—John Campbell, one of the wealthiest men in Elgin and a retired farmer, met a peculiar death. He was raking up leaves in his back yard. In the next yard a tramp was cutting wood to earn a meal. As he swung the ax the blade slipped from the handle and, flying over the intervening fence, the sharp edge struck Campbell in the back. It caused a wound from the effects of which the attending physicians think he cannot recover.

Georgia Bank Closes.

Macon, Ga., March 21.—The People's Bank of Americus, Ga., has closed its doors as a result of a quiet run for a week. The capital of the bank was \$50,000, and the amount due creditors is said to be \$50,000. President Simmons claims that the assets will offset the liabilities. The assignee is G. H. Ellis of Americus.

Turks Ask for Intervention.

Constantinople, March 21.—The Turkish government has directed the Ottoman ambassadors to solicit the friendly intervention of the powers at Sofia concerning the differences between Turkey and Bulgaria in relation to Macedonian affairs.

Service for Worship Abolished.

Montgomery, Ala., March 21.—The Alabama battleship silver service commission has closed the fund and will use the money, \$3,000, to purchase a silver service for the battleship Alabama.

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

Dr. Miles' Nervine

Saved me from the insane asylum," Mrs. A. M. Heifner, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine, and it helped me from the first, and now I am perfectly well."

FRANCIS MURPHY AT LOS ANGELES

Continued From Page 1.

and there's one comfort—the meeting'll be wherever we are, so it will." Were Guests of Mr. Murphy. So we were Mr. Murphy's guests at dinner and were introduced to everyone he knew as his very dear friends from Wisconsin. The dinner, excellent though it was, was rather of a secondary consideration for the time was devoted almost exclusively to conversation. Mr. Murphy had so many things to ask about the temperance league in Janesville which bears his name and it seemed as though he asked after scores of people who signed his pledge.

Sometimes, he couldn't remember the name but he could always describe the person and tell the business he was employed in and not once did he mix in anyone from some other place. Considering the hundreds of cities he has visited this is a truly wonderful gift.

So pleased he was when he heard of pledges still unbroken and so saddened over those which had not been kept! "God bless their dear hearts. That's the kind of news that makes one feel fine," or "God help them. Too bad! Too bad! Such a fine young fellow too," were almost constantly on his lips.

Has Great Love for Spence. Then he had many eager inquiries for those who had stood shoulder to shoulder with him in the meetings. "So you've lost that fine young fellow Spence (Mr. Murphy always insisted on prefixing Roy, E. H. Pence's name with an s) who was in the Presbyterian church? What a power he was! And that poor boy from the Baptist church who stood by us so bravely all through—Kempson, that's right, that's right—is dead. Mr. but that seems too bad. And there was another fine young man in the Congregational church and is he there yet? That's good. He's the right kind of a preacher. There were the Methodist preachers too, both good men. Where are they?" When Rev. Woodside's name was mentioned he said "Yes, and his faithful little wife played that organ every night, bless her dear heart, and he led the singing."

Dear Old Dr. Mills. Several times he returned to the name of Dr. Mills to ask some question about the dear man who took care of him all through that awful illness which he had at the hospital while in Janesville and who wouldn't take a cent of pay for his services. Kind words and best wishes were also voiced for Mrs. Henderson under whose care he recovered from his serious illness. No one who heard him, could doubt Mr. Murphy's great and lasting interest in the people of Janesville.

God Bless Them All. "God bless them all," he said suddenly. "I'm going to see them all again that's what I am. When I go East in May I'm going to drop off at that dear old town of Janesville and we'll have a regular old love feast." Mr. Murphy seems in much better health than when he was in Janesville last and says himself that he is much stronger. Certain it is that he is as young looking if not younger. He was in Australia for over a year where his work was very successful and from there he went to Honolulu. He was in the Hawaiian Islands when the assassination of President McKinley occurred and delivered one of the principal addresses at the memorial services held on one of the islands.

He returned to the United States last October and has been in California for the past few months. His wife is at home near Sacramento and this is Mr. Murphy's first visit to Southern California.

Takes Well in Los Angeles. His original style has taken Los Angeles by storm. The seating capacity of the Y M C A. building proved altogether inadequate, as many as 500 people being turned away nightly. Hazard's pavilion, an immense building, has been rented, and Mr. Murphy's original stay of one week has been lengthened indefinitely. The newspapers devote columns to his meetings and endorse the movement editorially. In Sunday's edition of one of the leading Los Angeles papers, the first editorial was on the danger of intemperance for young boys and men and the urgent necessity of protecting the citizens of the future against this danger.

On Saturday evenings Mr. Murphy holds no meetings but makes the rounds of the saloons. Graphic accounts of these excursions are printed in the newspapers and there is much wonder over the welcome which the temperance man finds in some of the lowest dives of the city.

Only once has anything approaching an insult been offered him. A half drunken fellow refused to shake hands with him, calling him a bluffer and saying that he was one of the kind of fellows who made good money by preaching but who wouldn't help a fellow in need. Quick as a flash Mr. Murphy had his nurse out and offered the man a dollar if he needed it. Then the fellow wilted and begged to be allowed to shake Mr. Murphy's hand. The practical work of securing positions for men who sign the pledge is also being carried on in connection with the meetings.

Does Unexpected Things. Just as of old he does the most unexpected things and he good-naturedly bends people to his will. On the night when we went with him to the hall, we occupied seats in the rear of the stage behind the choir of young people who assist in the singing at the meetings. We sat there secure in the promise, which we had previously secured that he would not call on Mr. Brand for any remarks as he told of the pleasant visits which he had enjoyed that day from friends all over the union. Judge of our surprise when he said "And I am going to ask one of them to come out here now with me, make a nice little bow and say a few words to you if she will."

By that time he was back in the rear row of chairs and had me by the hand. "Come on my dear, they won't

hurt you" and there being but one thing to do, I let him lead forward like a puppet in a Punch and Judy show.

He held me firmly by the hand until the applause with which he frankly asked them to acknowledge the introduction died away and then he asked me again to say a few words of "good evening to them." So simply because it seemed the least awkward way out of an awkward predicament I told that great hall packed full of people a little bit about the Francis Murphy Temperance League of Janesville, Wis.

It is useless to deny that I was provoked over the incident but one must have a vindictive spirit indeed to bear malice against the "only Francis Murphy." My sense of irritation slipped steadily away during the blarney of the pretty little speech with which he followed he before beginning his meeting proper and when his work for the evening was done and he handed me an immense bouquet composed of hundreds of the most fragrant violets, I almost, if not quite, forgave him.

Hungarian Mobbed and Beaten.

Ottawa, Ont., March 21.—Hungarian Radcliffe was mobbed and badly beaten in Hull. He was in a saloon, where he is said to have made the statement that Stanislas Lacroix, who is to be hanged to-day for the murder of his wife, would not be the last Frenchman he would hang. McEwan, the proprietor of the saloon, struck Radcliffe, who was afterward mobbed and had to be brought to Ottawa for protection. He was taken back to Hull and will remain in the jail until after Lacroix is hanged.

De Kalb Pastor Accepts Call.

Worcester, Mass., March 21.—Rev. P. A. Michels, pastor of the First Swedish Congregational church at De Kalb, Ill., has accepted a call to the Finnish-Swedish Congregational church of this city and will enter upon his duties here April 15, preaching his first sermon on the following Sunday. Rev. Mr. Michels is known all over the country for missionary work among the Swedish and Finnish people.

Russia Aids Colonists.

St. Petersburg, March 21.—Determined in view of the thickening political plot in the far east to accelerate Russian colonization in the territory north of the Gulf of Pechili, the government has reduced the price of the already cheap railway tickets to one-fourth of what they were and is furnishing excellently appointed immigrant trains.

Tardiness.
Teachers who require written ex-
cuses for tardiness from parents of
pupils sometimes receive very amus-
ing notes. Here are a few specimens
from a number received some time
ago: "Dear sir, please excuse James
for lateness. I kneaded him after
breakfast." A second note reads:
"Please forgive Billy for being tardy.
I was mending his coat." The third
excuse goes more into details, but is
none the less interesting: "Mister
sir, my Jason had to be late today.
It is his bizness to milk our cow.
She kicked Jase in the back today
when he wasn't looking or thinking
of her actin'; so he that his back was
broke, but it ain't. But it is black
and blue, and the pane kept him late.
We would get rid of that cow if we
could. This is the fourth time she
kicked Jase, but never kicked him
before. So excuse him for me." A
girl absent for half a day brought
the following satisfactory excuse:
"Miss teacher—My dotter's absents
yesterday was unavoidable. Her shoes
had to be half-soled, and she had a
sore throat. Her konstitushun is deli-
calt and if she is absent any more you
can know that he is, on account of un-
avoidable sickness or something else." A
boy absent for half a day laid the
following explanation on his master's
desk: "Dear sir, please excuse Hen-
ry: He went to grandpa's funeral
with me this forenoon. I have been
promising him for several weeks that
he might if he was good, and he has
been very good, so I kept my word."—

The Fretful Baby in an Omnibus.
A correspondent of the London Pall
Mall Gazette vouches for this incident:
A young woman with a fretful baby
in a full omnibus (aloud): "Poor little
nipper, I suppose I shall end by 'aving
to take 'im to the 'ospital." (Raising
the child's veil and looking around for
sympathy.) "Don't get no rest. 'E is
sufferin' so with smallpox."
